

Brass Pressure Reducing Valve

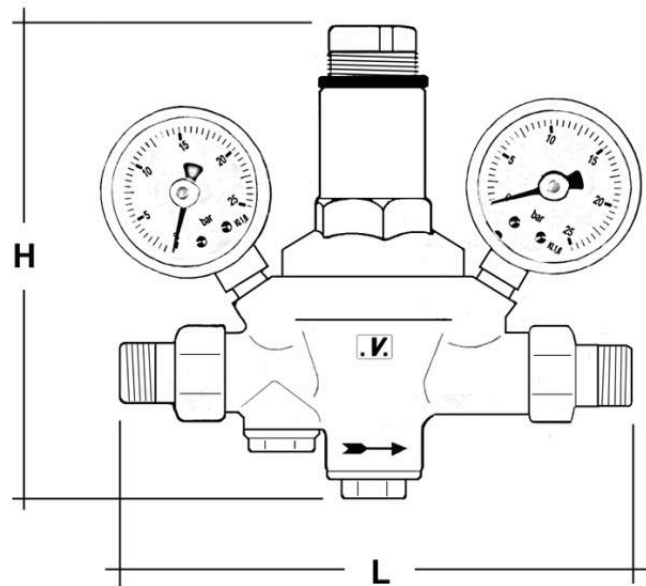

Direct Acting Pressure Reducing Valve for Water, Brass Diaphragm System, Built-in Filter, Double Gauge Port Inlet & Outlet, Gauges Included.

Pressure / Temperature Specifications	
Inlet Pressure	Up to 25 Bar
Outlet Pressure	Adjustable between 1 Bar and 7 Bar
Temperature	-10°C to 80°C

Material Specifications	
Body	Brass
Inner Parts	Brass
Seat	AISI 303 Stainless Steel
Membrane	EPDM
O-ring	NBR
Flat Gaskets	Fasit (Italy)
Plastic Parts	Ultramid® A3K (BASF)

Dimensions			
Size	H	L	Kg
1/2"	153	165	1.15
3/4"	164	195	1.64
